Foreword

H.H.S. is a sturdy, massive structure--the home of knowledge, the sanctuary of inquisitive minds; but the edifice is merely an empty framework without the presence of eager students, patient faculty members, and efficient personnel.

The Class of '68 has maintained traditions, developed scholarship, encouraged spirit, and realized both individual and group accomplishments. H.H.S. has provided much more--comfort, experience, challenge, discipline, solace, happiness, wisdom, pain, standards, and companionship.

H.H.S. has already shaped our minds and emotions and has sufficiently prepared our graduating class for the larger challenges of the world.

Look back for a moment: forget the present pressures; disregard the future decisions; and reminisce the past, our many unforgettable days at H.H.S.

This Is H.H.S.

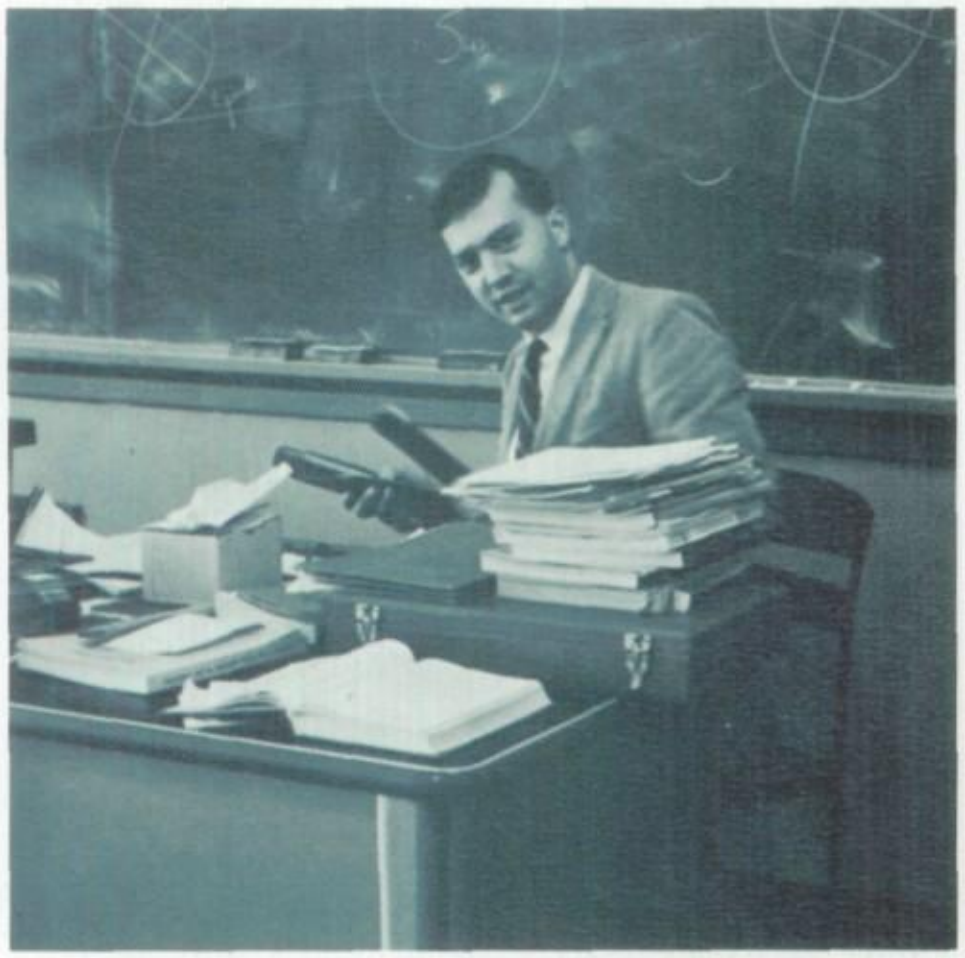
Dedication



Mr. Richard A. Smith

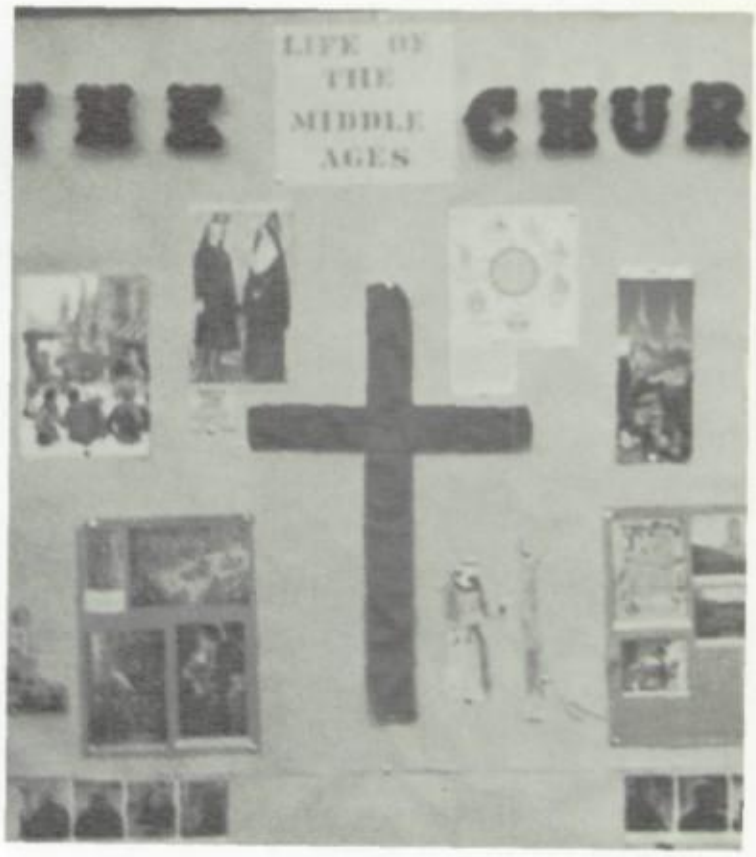
In our years at H.H.S. we have found you to be a helpful advisor, teacher, leader and friend. You have shown a special interest in the further success of your students, giving us more than just the normal classroom education. You have influenced our individual futures with your lectures on or off the subject, and through your advice on vocations and higher education.

For these and other intangible reasons, the Class of 1968 dedicates this yearbook to you, Mr. Richard A. Smith.

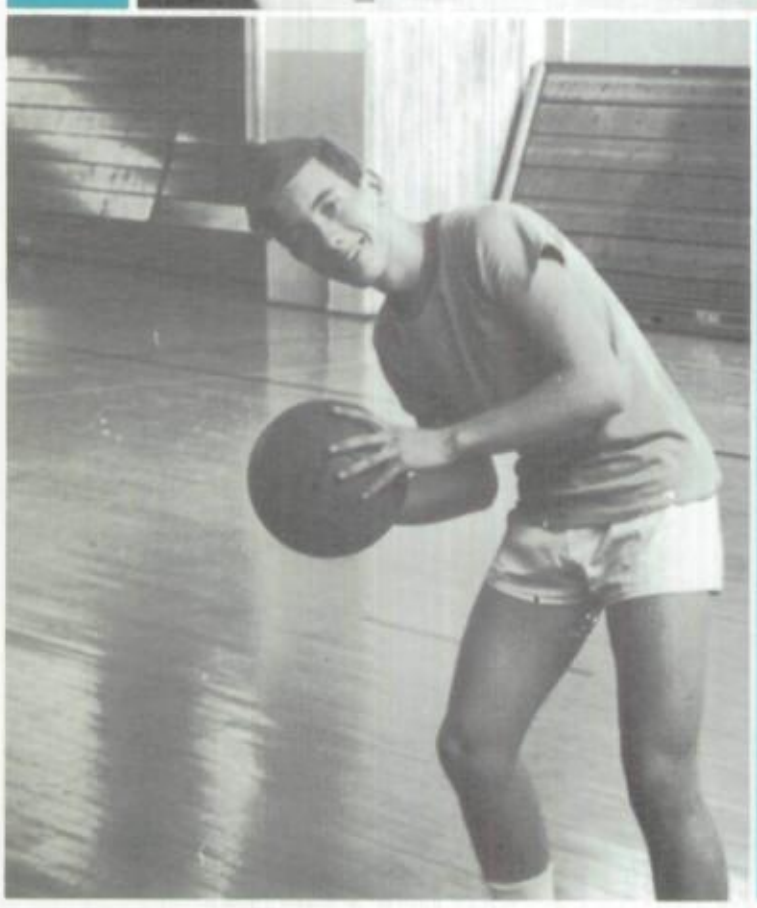
THIS IS H.H.S.

Scholastically

The scholastic achievement of each student at Hughesville High School varies with his individual interests and abilities. Some students pursue a strictly academic program with their goal set for an education higher than high school. Others benefit just as much scholastically in the areas of art, homemaking, agriculture, or commercial education. H.H.S. offers scholastic improvement for all its students.

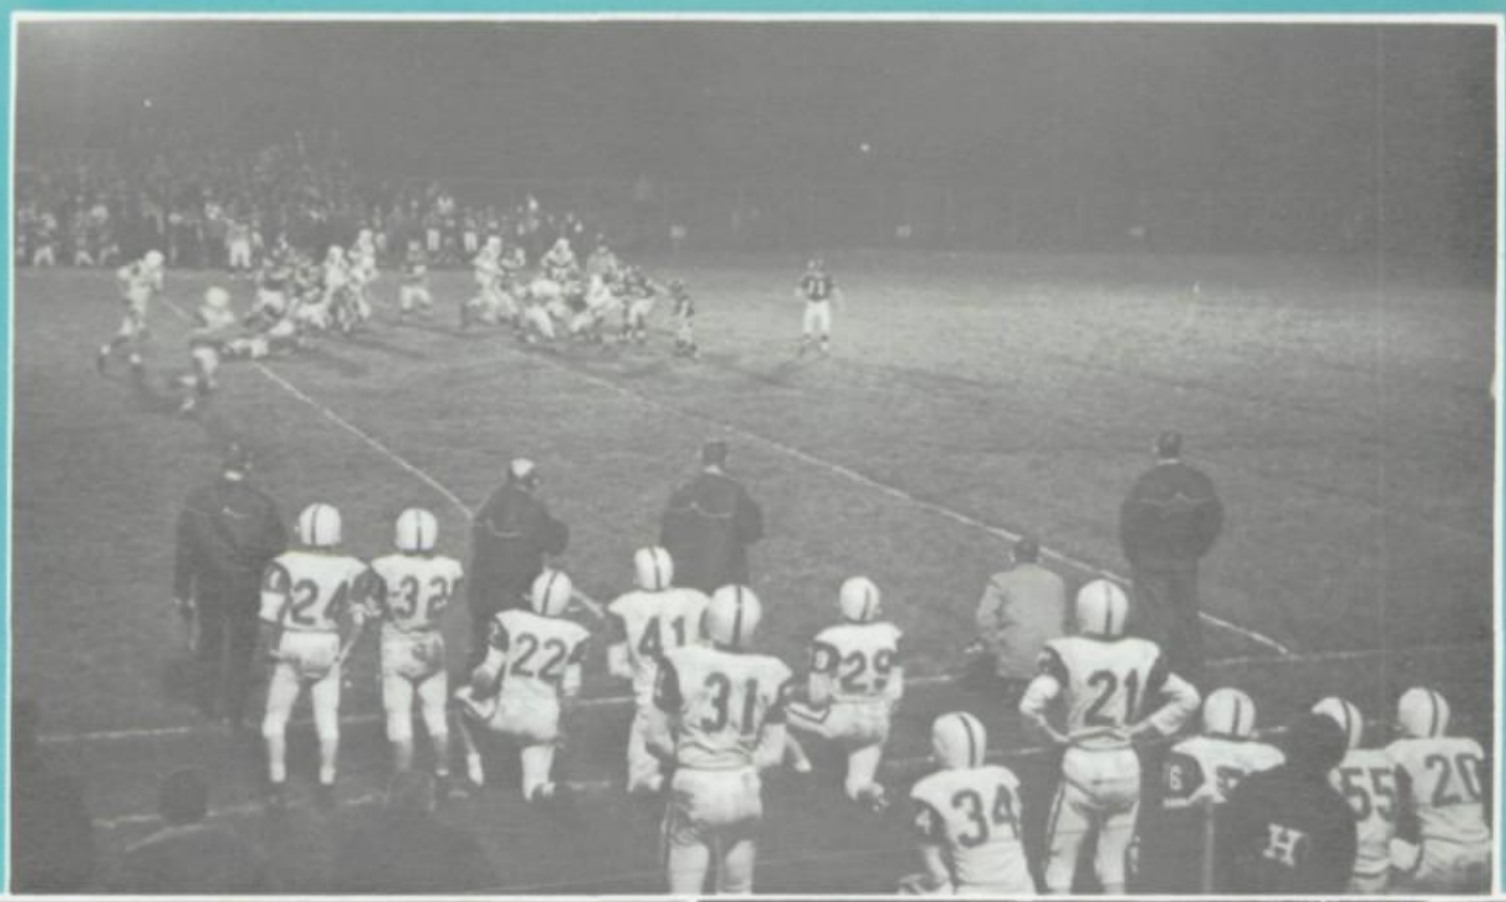


LIFE OF
THE
MIDDLE
AGES



Athletically

At H.H.S. athletics means many things to the student body. For the participants in the varsity sports of football, basketball, and wrestling it may mean recognition from class-mates teachers, and friends. Those who compete in intramural sports of softball, gymnastics and volleyball do it for the rewards of competition with less pressure. To the specta-tors athletics provides excitement, entertainment, and a chance to show school spirit.



And Socially.

The social life at H.H.S. offers a variety of events which hopefully will prepare our generation for the society of the world.

These activities range from chatting in the cafeteria, to initiations into clubs, to the Junior-Senior Prom. They also include record hops after athletic events and dances sponsored by the clubs. Banquets near the end of the year honor different groups: athletes--the Booster Club Banquet, Latin Club Members--the Roman Banquet. Field trips by many of the clubs provide activity for the members. Individually, friends may head for Boyer's or the Freez to eat, relax, and just talk.

Our social life at H.H.S. has prepared us for society and taught us to enjoy our leisure time.

Mr. Paul A. Paulhamus

CLASS OF 1968:

Have you ever noticed that when a man gets near the top of the ladder of success, he can see a few friends and fellow workers who have been helping him on, and who now are steadying the ladder for him?

The truly great person readily admits the myth in the "self-made man". Have you considered how many friends made your present success possible?

Congratulations on your present achievement. However, you can and must do better. Recognizing the next important job ahead shows wisdom, and knowing how to do it means you have the skill, but doing it is the greatest virtue of all.

Paul A. Paulhamus
Supervising Principal

CLASS OF 1968:

We in America know that education is a necessity and that a great nation can be built only on a strong foundation. We believe that the schools help to build that strong foundation for America by helping all American Youth to acquire the fundamentals, loyalties, habits and attitudes needed by them to participate in the activities and responsibilities of their communities and their nation.

Let each of you help to provide and maintain all of the benefits of education for the children of America to which they are justly entitled.

May you be good examples for youth by striving to exemplify the highest of morality, honesty, sincerity, industry and faithfulness.

Best wishes for the future.

To: THE CLASS OF 1968

Congratulations on your educational achievement!

For many of you, high school graduation will only be the beginning of a long and demanding period of advanced study. It is hoped that the foundations which you have made for yourself, as well as your devotion and sincerity to reach a goal, will continue into your future.

The completion of your present schooling may be the end of your formal education. However, learning is a process which you will never complete. Regardless of the significance of a task, each of you can benefit from the experience. Therefore, by putting forth a maximum effort at all times, you will be benefitted and make for yourself a more meaningful life.

It has been a pleasure to work with the Class of 1968. May you have success in your future endeavors.

To the Class of 1968:

Your work thus far has been in preparation for the life ahead. This preparation is most important for the stability of your country, the development of your community, and for your own personal success and happiness. Whether you continue or terminate your formal education at this point, it is my wish that each of you use your past experiences as a foundation upon which to build for achievement in the future.

To The Class Of 1968 —

It has been a great honor to serve as President of the 1968 Graduating Class of Hughesville High School.

Being able to depend on fellow students and to have confidence in them to complete any task they were given was a sign of success; I know that this will carry through into the future.

I would like to thank the class advisors: Mrs. Rhone, Mr. Schnable, and especially Mr. Mincemoyer, who has guided the class with a firm and wise hand.

I also wish to thank the Executive Committee, Jay Myers, Sandy Myers, Sandee Ritter, and Glenda Painter---with their hard work my job was made easier.

I'm sure that the Class of Nineteen Hundred Sixty Eight will achieve success and will meet the many challenges of tomorrow.

Alma Mater

We all love the Hughesville High School,
It's the Best we agree,
And to our Dear Alma Mater,
Pledge our Loyalty.

We will chant her praises ever,
Let the chorus ring,
And a tribute to her memory,
We will gladly bring.

Chorus

Loyal E'er We'll be to Hughesville,
Keep her memory bright,
For our Dear Old Alma Mater,
And the Green and White.

(Tune: "Annie Lisle"--Cornell Song)

Helmut Falter!

Helmut is a German who comes from Bolivia and is now spending a year in Hughesville as the 1967-68 Rotary exchange student. Soccer, swimming, riding, and playing the piano are his main interests. While in Hughesville Helmut's "parents" were Mr. and Mrs. Fred Gehr, Mr. and Mrs. Bruce Starr, and Mr. and Mrs. Fred Newhart. Helmut proved himself to be quite a comic in classes with his fellow seniors. In an assembly program he entertained the student body with slides of his homeland. Let's take a look at Helmut in beautiful Bolivia and our Hughesville.

Advanced Math?

Since I arrived in Hughesville on August 13th 1967 I have spent a wonderful and exciting time. I am sure that I will never forget this year here in the United States. In these lines I want to thank everyone, especially this senior-class, for making this year so wonderful for me. My thanks and appreciation also goes to the Faculty- and Administration Staff for helping me in learning the English language and for their advice they gave me. I really can say that I have enjoyed my stay here; I like Hughesville and I will never forget it.

HUGHESVILLE HIGH

Play directed by:
MRS. HELEN SPROUT

The play opens in an out-of-the-way railroad station.

The No. 5 is late! (Crash) The No. 5 has . . . jumped the track!

Eleven passengers from varied social positions are doomed to spend the night in the run-down station.

For two hours, the audience was entertained by the station master, the handy man and the antics of the passengers.

Miss Bourne in our assembly program.

Compiling this yearbook has been a very demanding, but satisfying task. I would like to thank the faculty and students for their contributions and the yearbook staff for its hard work and ideas. Very special thanks go to our yearbook advisor, Mr. Reichard, for the many hours of work and the much-needed advice he contributed. A final note to all future yearbook staffs--Good Luck!
